

Dancing in the dark

P.4 | Visual Art

Dancing

How many
joints can you
find on our
body?

10

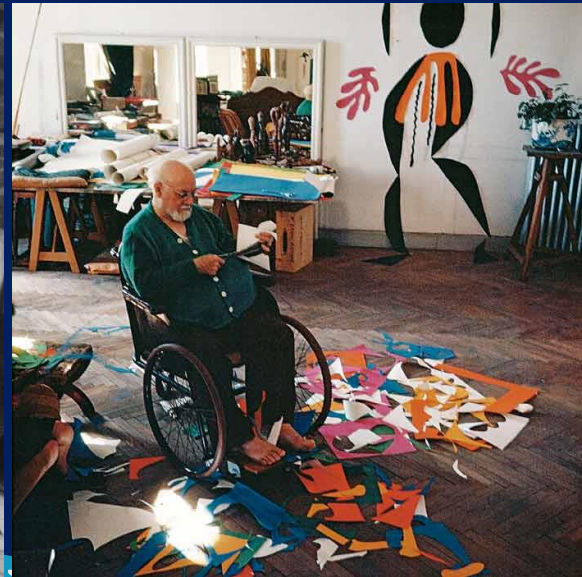

Bending knee

A woman with blonde hair, wearing a patterned top and dark pants, stands in a green field with her arms raised. A red stick figure is overlaid on her, showing a bent elbow and a bent knee. The background features a valley with small houses and snow-capped mountains under a blue sky with clouds. There are several '123RF' watermarks across the image.
